A Good Sense of Health.

(Fig. 1)	(Fig. 2)	(Fig. 3)	(Fig. 4)	(Fig. 5)	(Fig. 6)	(Fig. 7)	(Fig. 8)	(Fig. 9)	(Fig. 10)	(Fig. 11)	(Fig. 12)	(Fig. 13)	(Fig. 14)
1. Turn on the power. Press the power button (Fig. 1) to turn on the power. The LCD screen will display "1".	2. Insert the thermometer into the mouth. Insert the thermometer into the mouth (Fig. 2) and hold it in place for 10 seconds.	3. Read the temperature. The LCD screen will display the temperature (Fig. 3). The temperature will be displayed in degrees Celsius (°C) or degrees Fahrenheit (°F).	4. Turn off the power. Press the power button (Fig. 4) to turn off the power. The LCD screen will display "1".	5. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 5).	6. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 6).	7. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 7).	8. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 8).	9. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 9).	10. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 10).	11. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 11).	12. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 12).	13. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 13).	14. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 14).

Digital Thermometer - English

1. Turn on the power. Press the power button (Fig. 1) to turn on the power. The LCD screen will display "1".

2. Insert the thermometer into the mouth. Insert the thermometer into the mouth (Fig. 2) and hold it in place for 10 seconds.

3. Read the temperature. The LCD screen will display the temperature (Fig. 3). The temperature will be displayed in degrees Celsius (°C) or degrees Fahrenheit (°F).

4. Turn off the power. Press the power button (Fig. 4) to turn off the power. The LCD screen will display "1".

5. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 5).

6. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 6).

7. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 7).

8. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 8).

9. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 9).

10. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 10).

11. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 11).

12. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 12).

13. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 13).

14. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 14).

1	Power button	1. Turn on the power. Press the power button (Fig. 1) to turn on the power. The LCD screen will display "1".
2	Thermometer	2. Insert the thermometer into the mouth. Insert the thermometer into the mouth (Fig. 2) and hold it in place for 10 seconds.
3	LCD screen	3. Read the temperature. The LCD screen will display the temperature (Fig. 3). The temperature will be displayed in degrees Celsius (°C) or degrees Fahrenheit (°F).
4	Power button	4. Turn off the power. Press the power button (Fig. 4) to turn off the power. The LCD screen will display "1".
5	Thermometer	5. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 5).
6	Thermometer	6. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 6).
7	Thermometer	7. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 7).
8	Thermometer	8. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 8).
9	Thermometer	9. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 9).
10	Thermometer	10. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 10).
11	Thermometer	11. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 11).
12	Thermometer	12. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 12).
13	Thermometer	13. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 13).
14	Thermometer	14. Use the thermometer. Use the thermometer to measure the temperature of the mouth (Fig. 14).
